

SpectraCare DECT Handsets

Because it's never "business as usual"

In today's on-demand economy, "business as usual" doesn't exist. New industries, market segments and customer needs emerge every day, requiring organizations to invest in "always-on" mobile workforces. However, arming workers with the latest mobile communication devices is just the beginning. Organizations also need the right resources to ensure their mobile environments run seamlessly, resulting in a lower total cost of ownership (TCO).

Streamlined, Expert Support:

- Fast, efficient device replacement to prevent business disruption (Fully refurbished device)
- Personalized support and guidance from the industry's most experienced mobile technology experts
- Seamless business continuity across all Spectralink mobile environments

Spectralink's portfolio of mobile communication devices empower companies to deliver an unmatched customer experience while taking advantage of new business opportunities. And now our maintenance services help customers maximize their mobile investments.

Enhanced, extended coverage

Customers often have unique requirements like protecting against a damaged handset, liquid damage, quicker turn around on replacement handsets or needing access to technical support either during business hours or emergency out of hours.

Customers now have the option to purchase a SpectraCare or SpectraCare+ program for their DECT handset investment that will activate the added benefits of the SpectraCare program that best fits your needs.
